

STATHS N.E. President 2009 Report

It is my distinct pleasure on behalf of the Officers and Members of the St Andrew Technical High School (STATHS) Alumni Association, North East Chapter to extend a warm welcome to the Alumni and friends on this occasion of our Fifth Annual Fundraising Banquet. This evening once again provides the opportunity to reflect on our past, revel in the present and look towards to the future with optimism.

As we celebrate our accomplishments this evening, permit me to congratulate the general membership for their commitment and dedication to the mission and ideals of this Association. To our many friends, supporters and sponsors, we extend our sincere gratitude for the kind support you have given to this Association over the past five years. You continue to support our goal of making a positive and lasting difference in the life of a child of our beloved Alma Mater.

My wish this evening is that the enthusiasm and devotion of our Alumni Association, our friends and supporters will continue to open new horizons for our young people as we work together. It is also my hope that we can continue in the years to come to provide the School with the necessary means to enhance the student's abilities to achieve their aspirations so that some day they may become men and women of excellence, providing a positive impact to their communities and their country.

Special thanks to our guest speaker this year Ms. Merline Daley an Alumnus of STATHS and the schools' first head girl, and as always to our beloved Principal, Mrs. Curline Christie and Mr. Silvera Castro for your continued recognition and acknowledgement of our organization.

To all alumni of STATHS, friends and family, my best wishes to all for a very happy and enjoyable evening. Let us continue in the great tradition of "Honor Diligence and Service" the pledge to our beloved school.
